Emporia Country Club

Emporia Country Club was established in 1911 by a group of local businessmen looking for a common setting to enjoy friendship, good food, golf and social occasions. The club has shared a rich heritage with the beautiful city of Emporia for over ninety years at the original location of 18th and Rural. Tradition has been a major factor in the life, growth and stability of the Emporia Country Club. ECC continues that tradition today, providing food, fun and friendship that only a club can offer.

The clubhouse features a Pro Shop, "19th hole" grill, banquet room and member dining area. We also have four tennis courts and a swimming facility for the membership. Our nine-hole golf course is spread out over the hilly terrain of Eastern Kansas and features a lake down the center of the course. The golf course is viewed by many as a challenging and fun layout to play. Limited membership keeps our golf course in peak condition. Scheduling a tee time is easy and members enjoy the speed of play, so they can mix a quick nine or eighteen holes of golf with other family responsibilities. Our Golf professional is readily available to teach group or individual lessons and assist you with choosing custom fitted golf equipment.

Our membership format has something for everyone and is designed to allow you to tailor your needs with our services. Not a golfer? Our Social membership offers pool, tennis, dining and reciprocal privileges at numerous other clubs. Our staff is ready to serve you and your family.
