

Emporia Country Club CHRONICLES

May 2022

From the President

Dear Members,

Thanks to all of the members who took time out of their schedules to volunteer for the Dynamic Disc Open. Your contribution made the event enjoyable for all spectators and event staff.

We are having a member workday on Thursday, May 5th at 1PM. Please email gm@emporiacc.org if you are able to volunteer your time. There will be a **FREE** keg of beer for those who are able to make it! If you are unable to participate in the member workday, we would love to see you that evening for a Cinco de Mayo event/meet-and-greet with club management. We will have drink specials, a taco bar, and the keg of beer (if there's any left from the member workday). Please use this as an opportunity to visit with Chef Shane about the menu. We will also be introducing Mikah Herrig as the Event Coordinator and Lillian Vertin as the clubhouse manager. This is a great opportunity to meet and chat with the individuals who run the kitchen, clubhouse, and events.

It is almost pool season! The staff will be working on getting the pool and pool area ready for summer time! This year we are going to have a different process for checking in to the pool, which will help the lifeguards and staff maintain a better environment around the pool. The management team will keep you informed of the changes and new processes when we get closer to opening the pool.

Please keep an eye on our Facebook page and for emails about upcoming social events and club activities.

Thanks for your continued support and loyalty.

Respectfully,

Luke Arndt

A Note from the General Manager

Hello all,

I want to thank all the Members who volunteered to help with the Dynamic Disc Open.

During the month of may the grounds crew will be working on irrigation issues and completing our chemical applications in the rough and fairways.

Greens #8 and #3 were overseeded on April 26th, Green #3 has taken the seed well and is actively growing in, Green #8 has taken the seed well in most spots but there are some areas of the green where the seed will take a little longer do to the soil structure in those areas. If anyone has any questions please let me know. Thanks for all your support and I wish everyone a great month!

Chris Herrig
